

A NOTE FROM GGIA ON DATE CHANGES FOR WINTERGREEN

We understand there is a lot of confusion happening in the world right now. A lot of differing opinions, a lot of concern, a lot of fear and frustration. It's honestly hard to keep up sometimes with how fast everything is moving nowadays.

When considering the recent spike of COVID cases, our board has been tasked with the hard decision of deciding whether to move forward with our original dates for the WINTERGREEN Conference and Trade Show. We want this to all be over with and be able to meet in person without fear but we also don't want anyone sick or afraid either. It has been a difficult decision for them, one that was not made lightly.

In an effort to keep our exhibitors, attendees, volunteers, and staff safe, while still hosting an in-person show, WINTERGREEN will be moving to June 21- 23, 2022. All current exhibitors will keep their booths and all pre-purchased attendee tickets will be valid on our new dates. We understand this might cause issues for some exhibitors and attendees so we are here to help in any way we can.

We can't wait to see everyone in June for our WINTERGREEN Conference and Trade Show. For more information, visit mywintergreen.com.

Sincerely,

Stephanie Loudermilk
Director of Member Services
Georgia Green Industry Association
